## Question and Answer Key

Parents, use this question and answer key to quiz your child as they encounter each corresponding cyberbadge in the Internet Safety Maze.

### Password Prodigy Badge

Q: What's the secret to creating a super-strong password? Would using your birthday be a good choice?

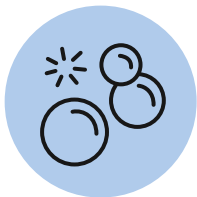

A: Create an unbreakable password by mixing uppercase and lowercase letters, numbers, and special symbols. Think of it as building your own secret code that only you can crack!

### Privacy Protector Badge

Q: A stranger just sent you a friendly message in your favorite video game or social media app. What's your next move?

A: Keep your online world safe by setting all accounts to private. Remember, only connect with people you know in real life, and never share personal information about yourself or your family with anyone online.

### Popup Popper Badge

Q: You're playing your favorite game when suddenly – pop! An amazing offer appears, promising free game credits. What should you do?

A: Don't fall for the trap! Those flashy ads promising free games, gifts, or prizes are like digital fishing hooks. They're designed to steal your information or sneak harmful viruses onto your device.

### Kind Keyboard Badge

Q: Your friend just shared their newest TikTok dance video, but some classmates are posting unkind comments. How do you respond?

A: Spread kindness in the digital world just like you would in the real world! Your words have power online, so use them to lift others up and create a positive space for everyone.

### Time Master Badge

Q: When your parent says screen time is over, but you're in the middle of something fun online, what's the right choice?

A: Balance is your superpower! Taking breaks from screens lets you discover amazing adventures in the real world. From outdoor exploration to creative hobbies like dancing, singing, or crafting. These offline moments are just as exciting as your online ones!
